

From: the Watkins Farm Homeowners Association

A friendly reminder is being sent to all homeowners and landowners to be mindful of your *mowing obligations* per the covenants:

15. Lots to be Maintained/Landscape.

(c) The growth of weeds on each lot shall be controlled and weeds shall be kept mowed during the growing seasons so that no weeds on any lot exceed twelve (12) inches in height. If an Owner or occupant of a Lot fails to refuses to mow weeds as hereinabove provided, then the Association may, at the direction of the Board, enter upon such Lot and mow the weeds on such lot and the Owner of the Lot shall be obligated to pay for the same, in accordance with and subject to the provisions of Article VIII, Section 2 hereof.

If you are unable to maintain the mowing on your property, please contact us.

We all appreciate your attention to this matter, if this does apply to you.

Thanks!
